

LIST OF CRIMEAN POLITICAL PRISONERS

As of August 2026, according to the Mission of the President of Ukraine in the Autonomous Republic of Crimea, there are **224 Crimean political prisoners, including 169 Crimean Tatars and 1 is a Karaites**.

Unfortunately, we are unable to send letters to all of them due to the specific restrictions and rules of their detention. Therefore, the list of recipients is shorter than the total list of political prisoners. We want as many of your letters as possible to reach their recipients.

We are unable to send letters of support to every political prisoner because of the regime's strict restrictions on access to places of detention, the unknown location of some individuals due to secret transfers, and other objective circumstances caused by the occupiers. Therefore, this list includes only those to whom correspondence can be delivered at this time. We are making every effort and sincerely hope that your words of hope, solidarity, and unwavering support will reach as many recipients as possible.
